

At DLAZ LTD, we recognise the importance of protecting the environment and minimizing our impact on natural resources. We are committed to integrating environmental considerations into all aspects of our operations, products, and services. Our environmental policy reflects our dedication to sustainable practices and continuous improvement.

Compliance with Environmental Laws and Regulations:

DLAZ LTD is committed to complying with all applicable environmental laws, regulations, and standards. We strive to exceed legal requirements wherever possible and actively monitor changes in environmental legislation to ensure ongoing compliance.

Resource Conservation and Waste Reduction:

We aim to minimise our consumption of natural resources and reduce waste generation throughout our operations. By implementing efficient processes and promoting responsible resource management, we strive to conserve energy, water, and other resources. We also prioritize waste reduction, recycling, and responsible disposal practices to minimise our environmental footprint.

Pollution Prevention:

DLAZ LTD is dedicated to preventing pollution in all its forms. We employ best practices to minimise emissions, discharges, and waste that could harm the environment. We strive to identify and mitigate potential pollution risks, implement effective control measures, and continuously improve our pollution prevention strategies.

Sustainable Procurement:

We understand that our environmental impact extends beyond our direct operations. Therefore, we are committed to working with suppliers and contractors who share our commitment to environmental responsibility. We prioritize environmentally friendly products and services, considering factors such as energy efficiency, recyclability, and sustainable sourcing.

Employee Engagement and Training:

We recognise that our employees play a crucial role in achieving our environmental objectives. We encourage their active participation and engagement in environmental initiatives. We provide training, resources, and regular communication to ensure employees are aware of their environmental responsibilities and empowered to contribute to our sustainability efforts.

Continuous Improvement:

DLAZ LTD is dedicated to continuously improving our environmental performance. We establish environmental objectives and targets, regularly monitor our progress, and implement corrective actions when necessary. Through ongoing evaluation and review, we strive to enhance our environmental management system and drive sustainable practices throughout our organization.

Stakeholder Engagement:

We value open dialogue and collaboration with our stakeholders, including customers, suppliers, employees, and the local community. We seek feedback, listen to concerns, and actively engage in initiatives that promote environmental sustainability. By fostering strong relationships, we aim to work together towards shared environmental goals.

This environmental policy statement is communicated to all employees, made publicly available, and reviewed periodically to ensure its continued relevance and effectiveness.
